

For Your Self

Retirement and Legacy

For business owners, a permanent life insurance is a great source of funds. Its flexible tax-advantaged loans or withdrawals feature is perfect for retirement. It is also an excellent way of creating your legacy for your heirs.

During your lifetime, it provides retirement funds. If you die prematurely, it replaces your income to support your family or funds to enable your business to continue.

Long Term Care

To protect your nest egg from paying for assisted living, nursing home, or home health care, in the event of a chronic or critical illness, you must have a long-term care insurance available.

An optional long term care riders on the permanent life insurance policy may provide access to death benefit in case of chronic or critical illness.

Stand alone long term care plans are also available.
